Dear _____:

We rely on the dedication and hard work of our staff to fulfill the important mission we have undertaken. And we depend on the generosity of individuals like you to help us save lives and unite families.

The COMPANY NAME has a proud record of working in Los Angeles and the surrounding counties to provide social services to our community. But that record of assistance requires support from people like you. We can't do it alone.

Your past support is a vital part of what has made our work with underserved populations so successful since our inception in 1992. Your continued support is the lifeblood of our agency. And if you are contributing for the first time, welcome to the COMPANY NAME family.

COMPANY NAME has, as its umbrella organizations, four programs that work in a collaborative fashion to accomplish the vital role we play in our community:

- ----- Foster/Adoption Agency
- ----- Mental Health Agency
- Parent, Family & Children Enrichment Services
- ----- Substance Abuse Treatment Program

We know we're doing something right by the countless success stories of the children and families that have been positively impacted by our services. We see the results in the faces of individuals who have gone on to more productive lives as a result of our intervention through mental health and substance abuse counseling.

Please help us to continue with those success stories. Become part of our support family. Send your donation today, made payable to: COMPANY NAME (Nonprofit #)

Sincerely,
